

Taste And Tell

Take a guided 'Taste and Tell' tour around the 'Orchard County' of Armagh enjoying the delicious foodie delights en route.

Discover a taste of Armagh, the 'Orchard County' of Ireland. The tour starts in the plantation village of Waringstown at **Harnett's Oils 1**, a family run business which prides itself in growing, cold-pressing and bottling the finest hemp and rapeseed oils. Enjoy a tour of the production facility and sample their speciality oils.

Next, travel to the **Yellow Door Deli 2** in Portadown where the counters are bursting with the freshest seasonal produce and delights like local game pie and Armagh strawberry tarts. Travelling to the main apple growing area, visit **Armagh Cider Company 3** at Ballinteggart House, learning about the cider making process and sampling the freshly pressed apple juice and cider.

Make a lunch stop at the award-winning **Grouchos Café Bar and Music Lounge 4** in Richhill, where you might even have a chance to learn how to make the perfect apple pie! Nearby is **Forthill Farm Shop 5**, Tandragee which specialises in producing the best quality free range pork and beef products. Don't go home without buying some bacon, highly recommended for the ultimate Ulster Fry experience. If there's still time, finish your day with a guided tour of Armagh, learning about its connections to St Patrick and enjoying the atmospheric Georgian streets.
